My family and I moved to Moora four years ago buying a house in town moving from the Avon Valley. Growing up working on farms has given me a good understanding of regional needs and how to support my local community.

I support the following

A two year rate freeze and interest free hardship payment plans

Improving all shire common areas such as upgraded playgrounds with hard shelters & local art work on facilities

Free BBQ's at our pool & shading of the main pool

Improving shire sporting facilities & programs

Upgrading the Miling Caravan park & opening up land for residential growth

Increasing tourism through the shire with online & media coverage

Supporting grass roots projects within the shire that will benefit residents

Encouraging the building of new homes and development of our residential areas
