4. Public Question Time

4.1 Response to Previous Public Questions Taken on Notice

Kate Andrews – Keane Street Reserve

Question: Ms Andrews queried whether push bikes would be permitted back into the reserve, noting that the sign remained in place. She also questioned why the Shire's social media statement referred to *major earthworks*, when, in reality, children had only moved small amounts of soil using buckets and shovels to create jumps.

Response: The sign has been reinstated following damage but the prohibition on bicycles has been removed from the sign. "Major earthworks" may have been an overstatement; however, vehicles and adults were sighted undertaking earthworks in the reserve, certainly not just "..children .. using buckets and shovels".

4.2 Public Questions

Bradley Manns and Paul Davies – Application to Keep Four Dogs at 74 Melbourne Street, Moora

Question: Mr Manns asked why his application to keep four dogs at his property had been repeatedly refused by Council.

Response: President Seymour advised that the application had been rejected once on application of the Shire of Moora Dogs Local Law. The CEO added that Council applies the Local Law consistently to all applications and residents.

Mr Davies advised Council that the need to apply for an exemption to the limit of two dogs per property arose solely from his difficulty in securing a rental property. Following the loss of his rental accommodation, Mr Davies and his dogs had moved in with Mr Manns, who already owned two dogs.

The DCEO asked whether Mr Manns and Mr Davies could provide Council with a specific timeframe for the requested exemption.

Mr Davies responded that an exemption for 12 months would be very helpful and would provide him with sufficient time to hopefully secure alternative rental accommodation.

Cr Hamilton asked Mr Davies whether his dogs were currently registered. Mr Davies confirmed that they were not. The DCEO explained that staff were unable to register more than two dogs at the same property.

UNCONFIRMED

Cr Hamilton then asked whether Mr Davies had lived at another property with his two dogs before moving in with Mr Manns. Mr Davies confirmed that he had and explained that the dogs had not been registered at the time, as they were still puppies.

9.1.1 Proposed Local Planning Policy for the Moora Lifestyle Village

Report Date	7 October 2026
Officer Disclosure of Interest	Nil
Previous Meeting References	Nil
Author	Joe Douglas, Town Planner
Attachments	1. Draft Local Planning Policy for Moora Lifestyle Village

Purpose of Report
Initiation of the process required to formally adopt a proposed new local planning policy for the Moora Lifestyle Village on Lot 43 (No.16) Roberts Street, Moora in accordance with the procedural requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

UNCONFIRMED

Background & Comment

The Shire owned and operated residential lifestyle village on Lot 43 (No.16) Roberts Street, Moora which accommodates park homes and manufactured homes for people aged 55 years or more is classified 'Public Purpose' reserve in the Shire of Moora Local Planning Scheme No.4.

Under the terms of clause 2.3 of Local Planning Scheme No.4 a person must not use a Local Reserve or commence or carryout development on a Local Reserve without first having obtained the Shire's formal developmental approval.

In determining an application for development approval, the Shire is required to have due regard to the various matters set out in clause 67 of the deemed provisions of the abovementioned regulations and the ultimate purpose intended for the Reserve.

Given:

a) the nature of the existing and future proposed development on Lot 43 (i.e. low density residential-type development comprising park homes and manufactured homes to accommodate people aged 55 years or more);

b) the Shire owns the land in fee simple (i.e. freehold) and leases individual lots to the owners of park homes and manufactured homes constructed/placed thereon, an arrangement that is expected to continue in the foreseeable future;

c) the increased demand for low-cost affordable housing in the Moora townsite and the opportunity Lot 43 provides to accommodate development of this type;

d) the need for the Shire to exercise discretion when considering and finally determining development applications received for any new development on any land classified 'Public Purpose' reserve;

e) the lack of guidance contained in Local Planning Scheme No.4 regarding development standards and requirements applicable to any land classified 'Public Purpose' reserve; and

f) advice received from the Department of Planning, Lands and Heritage regarding the legal mechanisms available to the Shire to guide and control all future residential development on Lot 43 in a proper and orderly manner including an express exemption to the need for development approval,

It is considered appropriate to prepare and formally adopt a local planning policy to establish specific and detailed guidance for all future residential development on the land including an exemption from the requirement to seek and obtain the Shire's development approval subject to compliance with a number of standards and requirements.

An exemption to the need for development approval for all dwellings on the land (i.e. park homes or manufactured homes as defined in the *Caravan Parks and Camping Grounds Regulations 1997* may be considered appropriate in certain circumstances given:

i) the small scale of all existing and future low density residential development;

UNCONFIRMED

ii) all dwellings must be constructed in accordance with all current regulatory standards and requirements and are therefore unlikely to have any negative visual impacts on the immediate locality or give rise to any safety concerns;

iii) the future potential flood risk was significantly mitigated when the land was originally developed by the Shire through the introduction of a large amount of fill to raise the land's overall ground level, so it is equivalent to the highest known flood level;

iv) the ability to manage the potential bushfire risk in accordance with State Planning Policy 3.7 entitled 'Bushfire' and the associated guidelines as demonstrated by the Bushfire Attack Level Assessment and Bushfire Management Plan prepared by a suitably qualified bushfire planning practitioner (see Attachment 2 contained in Attachment 1 of this report);

v) those people seeking to reside in the Moora Lifestyle Village will in most cases have limited financial resources and will benefit from not having to go through the development application process which can be time consuming and costly; and

vi) it will allow the local government's administration to focus its attention on other more important regulatory requirements and reduce the time and costs associated with processing development applications.

Council should note the proposed new draft local planning policy provided in Attachment 1:

- is generally consistent with all State Planning Policies, Planning Codes and Position Statements prepared and adopted by the Western Australian Planning Commission;
- is consistent with all relevant standards and requirements of Local Planning Scheme No.4 as it applies specifically to flood mitigation standards and requirements;
- will not form part of Local Planning Scheme No.4 and does not therefore bind Council in respect of any determination made pursuant to the policy;
- may be amended or revoked at any time at the discretion of Council; and
- will not negate or override the need for any approvals required under other legislation (i.e. the *Caravan Parks and Camping Grounds Act 1995*, *Building Act 2011,* and all associated regulations).

Should Council resolve to proceed with the proposed new policy as recommended below it will be advertised for public comment for a minimum period of twenty-one (21) days in accordance with the procedural requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015* before being presented to Council again for final adoption.

Legislative Requirements
Planning and Development Act 2005
Planning and Development (Local Planning Schemes) Regulations 2015
Shire of Moora Local Planning Scheme No.4

UNCONFIRMED

Strategic Implications

Goal 1: A proactive, healthy, and safe community.	
Outcome 3.1	A strong, supportive, and safe community.
Strategy 1.3.4	Monitor, promote and advocate for, support and provide actions to appropriately prevent, respond, and recover from natural disaster and emergency events, particularly fire and flood.

Goal 3: A built environment focusing on people that supports economic and community growth.	
Outcome 3.1	Plan, monitor and implement appropriate and sustainable development.
Strategy 3.1.1	Monitor and manage the appropriateness of the planning scheme and associated plans and policies.
Strategy 3.1.2	Strongly encourage appropriate and sustainable development.
Strategy 3.1.3	Plan, support, facilitate and develop industrial and residential land as appropriate.
Outcome 3.3	Sustainable Council buildings, assets and infrastructure, town and streetscapes and facilities that meet community needs.
Strategy 3.3.5	Develop and implement plans for and maintain and enhance townscapes and streetscapes.

Sustainability Implications

- **Environment**
  Development of Lot 43 in accordance with the standards and requirements of the proposed local planning policy will ensure all potential environmental issues are suitably addressed (i.e. bushfire and flood risk).
- **Economic**
  Development of Lot 43 in accordance with the standards and requirements of the proposed local planning policy will create certainty for any person seeking to invest in the construction of a new dwelling on the land including the ability to do so at reduced cost due to the express exemption to the need for development approval.
- **Social**
  There are no known significant social implications associated with this proposal.

Financial Implications

Nil immediate financial implications for the Shire aside from the administrative costs associated with preparing, advertising and finally adopting the proposed policy which are provided for in Council's annual budget for town planning related matters.

In relation to the proposed exemption to the need for development approval for new single houses on the land Council should note the Shire will no longer receive application fees to process development applications for development of this type to help offset the overall cost of dealing with town planning related matters. The proposed exemption will however allow the local government's administration to focus its attention on other more important regulatory requirements and reduce the time and costs associated with processing development applications.

9.1.2 Application to Keep Four Dogs

Report Date	13 October 2026
Officer Disclosure of Interest	Nil
Previous Meeting References	Nil
Author	Gavin Robins, Chief Executive Officer
Attachments	1. Request to Reconsider Refusal to Keep Four Dogs

Purpose of Report
To consider a recommendation to decline an application to keep up to four dogs at 74 Melbourne Street, Moora.

Background
On 1 September 2026, the Shire received a written application from Mr Bradley Manns to keep four dogs at his property at 74 Melbourne Street in Moora. On 13 October 2026, the Shire received a further letter from Mr Manns' asking Council to reconsider the rejection of his application.

The Shire does not have any record of Mr. Manns' having made enquiries as to the keeping of four dogs at the nominated address prior receipt of the initial application. Mr Manns' has now introduced new issues not previously raised in his original application.

The revised details relate principally to the arrival of the two additional dogs at 74 Melbourne Street and the consequential impact of their arrival on Mr Manns' and the new residents.

UNCONFIRMED

While Mr Manns' sets out his reasoning for the request that Council reconsider its decision to decline the granting of the exemption, several new matters that should be addressed by the applicant, and have not been, include;

- identifying the second party;
- providing a statement from the second party attesting to the factual claims or circumstances as made;
- a statement by the second party giving Mr Manns' authority to speak on his behalf and commit him to any undertakings;
- confirming whether the second party is a resident of Moora or recently relocated to the town;
- identifying the party in whose name the dogs will be registered;
- explaining why two dogs at the current address cannot be located on the dog register;
- expressly confirming that the proposed arrangement is intended to be permanent or otherwise and if not permanent what time frames are expected.

Comment

Mr Manns sought Council exemption under s26 of the *Dog Act* 1976 to keep four dogs at his nominated address. In accordance with the prevailing legislation, Section 26 states, at sub-sections (1) and (2) that:

> *(1) A local government may, by a local law under this Act —*
>
> *(a) limit the number of dogs that have reached 3 months of age that can be kept in or at premises in the local government's district; or*
>
> *(b) limit the number of dogs of a breed specified in the local law that can be kept in or at premises in the local government's district.*
>
> *(2) A local law mentioned in subsection (1) —*
>
> *(a) may limit the number of dogs that can be kept in or at premises to 2, 3, 4, 5 or 6 only; and*
>
> *(b) cannot prevent the keeping in or at premises of one or 2 dogs that have reached 3 months of age and any pup of either of those dogs under that age; and*
>
> *(c) cannot apply to dogs kept at premises that are licensed under section 27 as an approved kennel establishment; and*
>
> *(d) cannot apply to dangerous dogs (declared) or dangerous dogs (restricted breed)*

Council has exercised its local law-making authority under the *Dogs Local Law* 2016 at s3.2 by limiting to two, the number of dogs, over the age of 3 months, that can be kept at a premises in the Moora district.

Section 26 (3) states;

> *(3) Where by a local law under this Act a local government has placed a limit on the keeping of dogs in any specified area but the local government is satisfied in relation to any particular premises that the provisions of this Act relating to approved kennel establishments need not be applied in the circumstances, the local government may*

UNCONFIRMED

grant an exemption in respect of those premises but any such exemption —

(a) may be made subject to conditions, including a condition that it applies only to the dogs specified in the exemption; and

(b) cannot authorise the keeping in or at those premises of —

(i) more than 6 dogs that have reached 3 months of age; or

(ii) a dog under that age unless it is a pup of a dog whose keeping is authorised by the exemption;

and

(c) may be revoked or varied at any time.

The Shire has previously expressed its lack of support for the granting of this application.

Policy Requirements

Local Planning Scheme No 4 – sets zoning and land uses across the Shire.

Legislative Requirements

Dogs Local Law 2016 – imposes the rules by which dogs may be kept in the Shire.

Strategic Implications

Goal 5: Professionally, collaboratively and accountably advocate for and nurture the community	
Outcome 5.2:	A professional and accountable organisation modelling legislative compliance, equity and tolerance actively advocating for community outcomes

9.3.1 Review of Policy – Nature Strip Landscaping

Report Date	25 September 2026
Officer Disclosure of Interest	Nil
Previous Meeting References	Briefing Session – 23 September 2026
Author	Bob Hoogland – Deputy Chief Executive Officer
Attachments	1. Draft Policy – Nature Strip Landscaping 2. Current Policy – Nature Strip Landscaping

Purpose of Report
To review and recommend replacing the current Policy with respect to Nature Strip Landscaping with the recommended draft.

Background
This is part of the ongoing review of the Shire of Moora Policy Manual.

UNCONFIRMED

Comments were sought from Council at the September 2026 Briefing Session including the presentation of optional Policy approaches.

Comment

As identified at the Briefing Session, the existing Policy has resulted in limited interaction with the community of the Shire of Moora. On that basis, it could be considered fit for purpose.

However, the Policy includes a great deal of detail making it more difficult to engage with, as well as including details such as application forms and fees.

On that basis, a recommended replacement Policy has been prepared with a simplified format and allowing for consideration of application for use of Nature Strips on a case by case basis while ensuring the retention of the functionality of nature strips in the Shire.

Policy Requirements

The report applies directly to the specified Council Policy.

Legislative Requirements

Local Government Act 1995 – s2.7 (2) (b) Identifies one of the roles of Council is to determine the policies of the local government.

Strategic Implications

Goal 5: Professionally, collaboratively and accountably advocate for and nurture the community

Previous Meeting References	Nil
Author	Bob Hoogland, Deputy Chief Executive Officer
Attachments	1. Privacy Statement – proposed Draft

Purpose of Report
To provide a draft Privacy Statement for Shire of Moora for consideration for incorporation in the Policy Manual.

Background
The *Local Government Act 1995* identifies one of the functions of a local government is to determine its policies. A Deed of Grant for a recent funding program requires a publicly available Privacy Policy.

Comment
This draft Privacy Statement provides guidance to our community with respect to our management of information required to be collected and retained in our interactions with our community.

The Statement outlines our compliance with relevant legislation in the various elements of information collection and retention.

Policy Requirements
