9.1.3 REVIEW OF COUNCIL MEETING SCHEDULES

FILE REFERENCE: EN/COAI

REPORT DATE: 3 September 2012

DISCLOSURE OF INTEREST: Nil

PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Alan Leeson, Chief Executive Officer

ATTACHMENTS: Proposed Schedule of Meeting Dates for 2013

PURPOSE OF REPORT:

To provide suggested dates for Council approval for meeting dates for the 2013 year to enable public advertising as required by the Local Government Act 1995.

BACKGROUND:

From 2008 - 2012 monthly Council meetings have been successful in conjunction with two briefing sessions per month. It is considered appropriate to continue in this format.

COMMENT:

Attached is a draft schedule of proposed dates for Council meetings for the 2013 year. It is suggested the briefing on the first Wednesday of the month remain as is.

The January council meeting traditionally has few items, the main one being the financial reporting. A number of Councillors and staff take the opportunity to take leave through January so it has been suggested the January meeting and briefing be cancelled. If an item of business arose that required a decision between the December meeting and the February meeting a special meeting could be convened.

As in previous years, the schedule has identified the need to adjust the regular meeting times and it is suggested that no Briefing Session be held at the beginning of August as the Local Government Convention is scheduled to be held from 7th- 9th August. This week also provides the opportunity for professional development during the week. It is therefore recommended that during August only, the Council meeting be held on the 21st August with the briefing session to precede it.

POLICY REQUIREMENTS:

There are no Council Policies relative to this matter.

LEGISLATIVE REQUIREMENTS:

Section 5.25 (g) of the Local Government Act 1995 stipulates that Regulations may make provision in relation to the giving of public notice of the date and agenda for Council or committee meetings.

Regulation 12 of the Local Government (Administration) Regulations 1996 states;

- I. At least once each year a local government is to give local public notice of the dates on which and the time and place at which –
 - (a) the ordinary council meetings; and
 - (b) the briefing sessions that are required under the Act to be open to members of the public or that are proposed to be open to members of the public; are to be held in the next 12 months.

Sections 5.98 and 5.99 of the Local Government Act 1995 and Regulation 30 of the Local Government (Administration Regulations) 1996 sets the minimum and maximum amounts for the payment of meeting fees.

STRATEGIC IMPLICATIONS:

Enables Council to provide good local government to the district.

SUSTAINABILITY IMPLICATIONS

➤ **Environment**

There are no known significant environmental implications associated with this proposal.

➤ **Economic**

There are no known significant economic implications associated with this proposal.

➤ **Social**

There are no known significant social implications associated with this proposal.

FINANCIAL IMPLICATIONS:

There are no financial implications to Council in relation to this item. The holding of Council meetings including all associated costs is provided in the current budget and will be provided for in future budgets.

VOTING REQUIREMENTS:

Simple Majority Required

MANEX RECOMMENDATIONS

That Council;

- 1. Adopts the meeting schedule for the period January 2013 to December 2013 as attached, based on one Ordinary Meeting of Council per month;*
- 2. Advertises the meeting dates in accordance with section 5.25 of the Local Government Act 1995 and Regulation 12 (1) of the Local Government (Administration) Regulations 1996.*

9.1.4 **CHILDCARE SERVICE – PROPOSAL TO OUTSOURCE**

FILE REFERENCE: CH/REO1

REPORT DATE: 11 October 2012

OFFICER DISCLOSURE OF INTEREST: Nil

PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Alan Leeson, Chief Executive Officer

ATTACHMENTS: Financial Report
(Childcare Service Submission Circulated under separate cover)

PURPOSE OF REPORT:

Council for some months has expressed a strong desire to examine the feasibility of placing the childcare service provided by the shire in Moora in the hands of private enterprise. To that end expressions of interest were called in late August 2012 with submissions closing on the 24th September 2012.

BACKGROUND:

Council is of the view that the service should be cost neutral to Council, which is a sentiment the author concurs with. There has been a fairly close examination of the financial performance of the childcare service over the past 6 months, which is around the break even mark. This result or conclusion can be materially affected on the level of overheads that can be attributed to the service in terms of “governance” i.e. time in managing the service by the Manager of Community and Economic Development. The author is of the view that the level of management overheads attributable to the childcare service are higher than what is reflected as a result of formula or percentage allocations currently reflected in the financial performance of the services’ operations.

COMMENT:

There is absolutely no doubting that childcare services are critical to the economic fabric of the Moora district, with many working families utilising the service. Be it the Shire of Moora or another provider operating the service, the bottom line is the service should stand financially on its own feet.

The sole purpose of this current strategy is to examine if there is another provider that can provide the service which would allow the Council to lessen the financial burden to the Shire of Moora.

As a result of calling expressions of interest from suitably qualified, experienced and accredited parties to manage and operate the Moora and District Child Care Centre, one expression of interest was received from the Children’s Services Support Unit Inc. (CSSU) who are a not for profit organisation who specialise in the governance and management of childcare services. **The submission is circulated under separate cover.**

POLICY REQUIREMENTS:

9.12 Purchasing and Procurement

New Policy. Adopted by Council 15th March 2000

The Shire is committed to maximising opportunities for the economic development of business and industry in the Shire of Moora.

The Shire has a responsibility to achieve value for money in its procurement of goods and services.

Value for money

Is an important consideration in the determining of contracts and purchasing of goods and services. Purchasing decisions will be based on the total cost of the product over its serviced life, considering factors such as quality, service standards, timely delivery, local back up, benefits and risk.

Suppliers within the Shire can actively seek business with the Shire of Moora by:

- Actively promoting goods and services to the Shire of Moora
- Offering competitive prices the first time
- Supplying quality goods and services
- Seeking information about proposed purchases to be made by the Shire of Moora.

Where practical, the Shire of Moora shall seek to support business and industry with the shire. The Shire of Moora will ensure that business and industry within the shire have every opportunity to bid for and where competitive, supply the required needs. As part of considering the value for money decisions, the benefits of purchasing goods and services for local suppliers shall be considered.

In considering value for money decision, the following considerations will be included when analysing purchasing from local business and industry:

- Local Government Act 1995 tender regulations
- National Competition Policy principles
- Trade Practises Act
- The social and economic impact of major contract decisions on local business
- Possible flow on effect to local businesses
- The potential for local product demonstrations and references, which consequently reduced risk in the decision making process
- More convenient communications and liaison
- Local backup, spare parts, warranty and quality of servicing
- Ability of local business to the Shire, thereby increasing economic activity
- Conformity with tender bid requirements
- Ability to meet the Shire of Moora's needs

The Shire of Moora will support and assist local business and industry by:

- Recognising the benefits of purchasing from local business and industry
- Advertising all tenders and expressions of interest in the Central Midlands and Coastal Advocate
- Where requested, provide feedback to unsuccessful tenderers highlighting how bids can be improved to be more competitive.

LEGISLATIVE REQUIREMENTS:

Outside of operational licensing requirements and general financial management of the centre there are no known legislative requirements related to the operation of the service.

Given the annual turnover of the service being in excess of \$400,000 any move to outsource the service requires Council to tender the service in accordance with the Local Government Act and Associated Regulations.

12. Anti-avoidance provision for r. 11(1)

If a local government enters into 2 or more contracts in circumstances such that the desire to avoid the requirements of regulation 11(1) is a significant reason for not dealing with the matter in a single contract, tenders are to be publicly invited according to the requirements of this Division before entering into any of the contracts regardless of the consideration.

[Regulation 12 amended in Gazette 2 Feb 2007 p. 245-6.]

- (4) Tenders that have not been rejected under subregulation (1), (2), or (3) are to be assessed by the local government by means of a written evaluation of the extent to which each tender satisfies the criteria for deciding which tender to accept and it is to decide which of them it thinks it would be most advantageous to the local government to accept.
- (4a) To assist the local government in deciding which tender would be the most advantageous to it to accept, a tenderer may be requested to clarify the information provided in the tender.
- (5) The local government may decline to accept any tender.

- (6) If a local government has accepted a tender but acceptance of the tender does not create a contract and within 6 months of the day on which the tender was accepted the local government and the successful tenderer agree not to enter into a contract in relation to the tender, the local government may accept from the other tenders the tender which it thinks it would be most advantageous to the local government to accept.
- (7) If a local government has accepted a tender and acceptance of the tender creates a contract and within 6 months of the day on which the tender was accepted the local government and the successful tenderer agree to terminate the contract, the local government may accept from the other tenders the tender which it thinks it would be most advantageous to the local government to accept.

[Regulation 18 amended in Gazette 29 Jun 2001 p. 3131-2.]

[Regulation 19 amended in Gazette 29 Jun 2001 p. 3132.]

20. Variation of requirements before entry into contract

- (1) If, after it has invited tenders for the supply of goods or services and chosen a successful tenderer but before it has entered into a contract for the supply of the goods or services required, the local government wishes to make a minor variation in the goods or services required, it may, without again inviting tenders, enter into a contract with the chosen tenderer for the supply of the varied requirement subject to such variations in the tender as may be agreed with the tenderer.
- (2) If —
- (a) the chosen tenderer is unable or unwilling to enter into a contract to supply the varied requirement; or

- (3) In subregulation (1) —

minor variation means a variation that the local government is satisfied is minor having regard to the total goods or services that tenderers were invited to supply.

21. Limiting who can tender, procedure for

- (1) If a local government thinks that there is good reason to make a preliminary selection from amongst prospective tenderers, it may seek expressions of interest with respect to the supply of the goods or services.
- (2) There is good reason to make a preliminary selection if, because of —
- (a) the nature of the goods or services required; or
 - (b) the cost of preparing plans, specifications or other information for the purpose of adequately describing the goods or services required,
- it would be advantageous to the local government if tenders were invited only from persons it considers to be capable of satisfactorily supplying the goods or services.
- (3) If a local government decides to seek expressions of interest before inviting tenders, Statewide public notice that expressions of interest are sought is to be given.

- (4) The notice is required to include —
 - (a) a brief description of the goods or services required; and
 - (b) particulars identifying a person from whom more detailed information may be obtained; and
 - (c) information as to where and how expressions of interest may be submitted; and
 - (d) the date and time after which expressions of interest cannot be submitted.

22. Minimum time to be allowed for submitting expressions of interest

The time specified in the notice as the time after which expressions of interest cannot be submitted has to be at least 14 days after the notice is first published in the newspaper as part of giving Statewide public notice.

23. Rejecting and accepting expressions of interest to be acceptable tenderer

- (1) An expression of interest is required to be rejected unless it is submitted at a place, and within the time, specified in the notice.
- (2) An expression of interest that is submitted at a place, and within the time, specified in the notice but that fails to comply with any other requirement specified in the notice may be rejected without considering its merits.
- (3) Expressions of interest that have not been rejected under subregulation (1) or (2) are to be considered by the local government and it is to decide which, if any, of those expressions of interest are from persons who it thinks would be capable of satisfactorily supplying the goods or services.
- (4) The CEO is to list each of those persons as an acceptable tenderer.

[Regulation 23 amended in Gazette 29 Jun 2001 p. 3132.]

24. People who submitted expression of interest to be notified of outcome

The CEO is to give each person who submitted an expression of interest notice in writing —

- (a) containing particulars of the persons the CEO has listed under regulation 23(4) as acceptable tenderers; or
- (b) advising that the local government has decided not to invite tenders because no expression of interest that it considered was from a person who it thinks would be capable of satisfactorily supplying the goods or services; or

SUSTAINABILITY IMPLICATIONS:

➤ **Environment**

There are no known significant environmental implications associated with this proposal.

This is the most significant implication in terms of managing and mitigating risks associated with any potential change to the service model.

➤ **Social**

The childcare service is an important service also in social terms providing families with a service which allows them to shop in town with some respite or simply utilise the service giving their children additional social and development opportunities.

9.2.1 ADRIENNE DINN – TRANSPORTABLE HOUSE 2 HAMILTON STREET, MOORA

FILE REFERENCE: TP/PA10/1213

REPORT DATE: 4 October 2012

APPLICANT/PROPONENT: Ms Adrienne Dinn

PREVIOUS MEETING REFERENCES: Nil

AUTHOR: Peter Williams, Manager Health Building & Planning Services

ATTACHMENTS: Plans

PURPOSE OF REPORT:

Ms Adrienne Dinn through her Town Planning Application requests Council approval to locate a second hand transportable dwelling on 501/Hn 2 Hamilton Street in Moora. The transportable dwelling will be reclad with new colourbond material and reroofed with new corrugated iron. The dwelling will be sited on stumps above a gravel pad. Ms Dinn advises that she will be adding a porch to the front of the dwelling.

BACKGROUND:

This property is zoned Residential and is subject to the Residential Design Codes.

The proposed development is zoned as Residential with a Residential Design Code of R12.5.

The objectives of the Residential Zone are:

- a) To provide for the predominant form of residential development to be single houses whilst providing for diversity with higher density close to the centre of Town.
 - b) To provide for diversity of lifestyle choice with a range of residential densities.
 - c) To allow for the establishment of non-residential uses which are compatible with the predominant residential use and which will not adversely affect the amenity of the area.
- Site requirements are in accordance with the residential Design Codes.

The Shire of Moora Town Planning Scheme (TPS) No 4 states:-

4.7 TRANSPORTABLE DWELLINGS

4.7.1 A building shall not be placed on a lot and occupied as a dwelling following transportation as a whole or as parts of a building unless the transportable building has been specifically constructed as a transportable dwelling and, in the opinion of the Local Government, such building is in satisfactory condition and will not detrimentally affect the amenity of the area.

4.7.2 An applicant for planning approval for a transported dwelling may be required by the Local Government to enter into a contract and provide a bond to reinstate the building to an acceptable standard of presentation within the period specified by the Local Government.

Shire Policy Manual on Transportable homes:

That Council retain the option to require homes of a certain standard (e.g. Transportable Homes) in newly created subdivisions or areas where currently no homes.

Shire Policy Manual - Second Hand Housing Policy

That the second hand house policy be as:

1. The dwelling to be relocated is to be made to comply in all respects of the Building code of Australia, particularly the section relative to seismic zones.
2. All such dwellings proposed to be transported to town-sites within the Shire are to be inspected “in-situ” by a Building Surveyor or some other qualified person, any costs so incurred are to be borne by the applicant;
3. A report on the dwelling complete with recommended conditions of approval, photographs etc. are to be submitted to the Building Surveyor for consideration, proper plans and specifications are to be duly submitted to the Building Surveyor in order that a building Permit can be issued.

No dwelling is to be relocated upon any lot within the Shire until the Building Permit has been issued.

4. An estimated cost of any conditions of approval is to be used as a basis of calculating a Fidelity Bond, which is to be deposited by the applicant with Council. The bond is to be deposited with the understanding that if the conditions of approval are not completed to Councils satisfaction within the time limit specified the outstanding conditions will be met from the bond monies held by Council. The remainder, if any, is to be returned to the applicant when all the conditions have been completed.
5. That in the case of a second hand house arriving in any town site or rural area of the Shire without the necessary approvals, immediate prosecution is instigated.
6. That if a pine framed second-hand house is transported within the Moora Shire Districts its installation is to be strictly in accordance with the Australian Standards AS 1694 – 1974 Code of Practice for Physical Barriers used in protection of buildings against subterranean termites.

COMMENT:

The proposed dwelling does look like a box with the 5° degree pitch roof adding to the boxed nature of the building. It is recommended that the gable pitch of the roof be increased to at least 15° degrees.

The area of Lot 501 Hamilton Street as mentioned is zoned as Residential with a Residential Design Code of R12.5. Subject to the building not reflecting the amenity of the area, which can be ensured by the provision of a fidelity bond of \$10,000.00 to ensure that the finish and landscaping is carried out the design and construction of the building can be ensured by visiting and inspecting the building prior to it leaving Perth to ensure that it meets the necessary standards required by the Moora Shire Council.

The building is currently a metal frame that it is advised is going to be treated and constructed with new materials to the finished product as shown in the plan attached. The proposed development is a second hand frame only and this will be treated prior to work being commenced on it. All other materials shall be as advised new materials. The proposed property is a 5° degree pitched roofed dwelling and will be requested to have verandahs to break the profile of the property. It is suggested that the property have a gabled roof of at

least 15° degree pitch which will also change the profile looking from the road at the property. The Building will have to comply with the Building Code of Australia and Department of Water requirements as to the height of the finished floor level and this will be requested to be retained.

The accompanying floor plan shows a steel framed, 5° degree gabled steel colourbond roof, covered with colourbond wall sheeting, two bedroom, bath, laundry & toilet with an open planned kitchen and living area internally lined with gyprock.

The area Lot 6 Lefroy Street is only 613.6 m² is zoned as residential R12.5 and is too small for grouped dwellings where the minimum is 700m². There has been one other potential buyer of the lot wishing to site two units on the block but the block was too small for the proposed development.

OFFICER DISCLOSURE OF INTEREST: Nil

AUTHOR: Peter Williams, Manager Health Building & Planning Services

ATTACHMENTS: Letter of approval & Partial objection letter

PURPOSE OF REPORT:

The proponent is seeking Councils' final approval for the Budget Accommodation project at Lot 200 Drummond Street, Moora.

BACKGROUND:

The Budget Accommodation is to provide accommodation for citrus workers from the citrus plantations located in the district and it is believed Moora is the most appropriate location for this type of development. The accommodation is also required to attract workers into the area due to a lack of cheap accommodation in Moora and in turn will support the local economy of the district. The proposed development is to be located on land that has since been purchased by Mr Zoch on the corner of Long and Drummond Streets which encompasses an area of approximately 2 hectares.

In addition the proposal is seen to enhance the management practices for the district's Citrus production by these accommodation facilities being provided. It is advised that the facilities will in no way adversely affect the amenity of the surrounding area.

COMMENT:

Since the proposal was submitted to council in August letters have been sent to the Water Corporation and Health Department as well as all surrounding neighbours. The Health Department and Water Corporation have given approval. There has been one letter of approval and one letter partly objecting, saying they are not happy but as long as the caretakers are there 24/7 to control people; as long as there is landscaping & buffer screening and all roads & parking are sealed to prevent dust they are happy but if they do not go ahead they will object. This was the only objection (refer attachment).
