OFFICER DISCLOSURE OF INTEREST: Nil
PREVIOUS MEETING REFERENCES: Nil
AUTHOR: Alan Leeson, Chief Executive Officer
ATTACHMENTS: Letter

PURPOSE OF REPORT:

To formally receive the request from Moora Historical Society (MHS) in relation to their concerns with security of the ex-playgroup building on Clinch Street.

BACKGROUND:

MHS have raised concerns in relation to security of their buildings and have requested Council consider installation of chain link mesh fencing extensions with barbed wire as well as some new fencing. MHS quote several instances of vandalism and the like.

COMMENT:

Vandalism is nothing new to Council owned buildings but is clearly a constant frustration to affected parties, in addition to the cost of repairing, insurance claim excesses and the like.

LEGISLATIVE REQUIREMENTS:

Local Government Act 1995

STRATEGIC IMPLICATIONS:

Outcome 1.4: A strong and supportive community.

Strategy 1.4.1: Partner with the Moora Community Resource Centre to develop a co-located facility.

Strategy 1.4.2: Support appropriate community initiated and owned projects.

Strategy 1.4.3: Promote and support cultural and community events.

Strategy 1.4.4: Work in partnership with community groups to encourage a culture of volunteerism.

SUSTAINABILITY IMPLICATIONS:

- **Environment**
Nil
- **Economic**
Nil

- **Social**
Nil

FINANCIAL IMPLICATIONS:

The cost of fencing improvements is yet to be determined. An option rather than more physical infrastructure/barriers such as security fencing may be to install security cameras around the Historical Precinct. The author believes this would be a more sustainable and effective strategy, notwithstanding the better aesthetic amenity of security camera's as against increased security fencing.

SUMMARY:

Council management are meeting with Lotterywest in the next week or so, therefore it would be opportune to discuss with them what grant funding may be available to assist with such an initiative.

VOTING REQUIREMENTS:

Simple Majority Required

OFFICER RECOMMENDATIONS

That Council;

- 1. Receive the correspondence from the Moora Historical Society;***
- 2. Investigate costs associated with provision of additional security fencing around the Moora Historical Society Precinct as detailed in their correspondence dated 7 March 2015;***
- 3. Investigate costs associated with provision of security camera's around the Moora Historical Society Precinct as an alternative to additional security fencing;***
- 4. Investigate grant funding that may be available to assist with the costs of either option of fencing or security camera's.***

9.1.6 PROPOSED HEADS OF AGREEMENT – RABOBANK AUSTRALIA LTD AND SHIRE OF MOORA

FILE REFERENCE: L/LEA1
REPORT DATE: 11 March 2015
APPLICANT/PROPONENT: Rabobank Australia Limited
OFFICER DISCLOSURE OF INTEREST: Nil
PREVIOUS MEETING REFERENCES: Nil
AUTHOR: Alan Leeson, Chief Executive Officer
ATTACHMENTS: Draft Heads of Agreement – Cashflow Projection – Circulated under separate cover

PURPOSE OF REPORT:

To authorise the Chief Executive Officer to enter into and sign a formal Heads of Agreement (HOA) in relation to the proposed construction of a Bank Building on Lot 123 Gardiner Street, Moora (old bowling green site) and authorise the CEO to proceed and engage a suitably qualified and experienced design company to design the site plan, building façade and structural building requirements in accordance with the requirements of Rabobank Australia Limited (RABO).

BACKGROUND:

As Council is aware there have been ongoing negotiations over the past few months between the Chief Executive Officer and RABO subsequent to Council receiving an expression of interest to enter into a lessee arrangement with the Shire of Moora (proposed lessor) to construct a new bank building on Gardiner Street, Moora.

In effect the HOA will authorise the CEO to proceed with further planning based around quantitative estimates as circulated to Council under separate cover.

COMMENT:

At this juncture, Council is required to invest \$28,000 plus GST as per the work stages detailed in the fee proposal up to and including “Construction Documentation” in order to progress the initial site meetings, concept design, schematic design, detail design development and construction documentation. Goldmanor Design was intrinsically involved in the Moora Frail Aged Lodge Extension design.

LEGISLATIVE REQUIREMENTS:

Local Government Act 1995

There are a number of provisions of the Local Government Act that will potentially be relevant to this proposal, if the commercial arrangement proceeds to a point where Council and RABO agree to proceed and go ahead with the actual build and lease. There are likely to be relevant statutory requirements associated with;

- Disposal of property as leasing is defined as a method of disposal;
- Major land transaction as the estimated cost of the build along with the terms of the proposed lease are likely to exceed the parameters of what triggers a “Major land transaction”.

Detailed hereunder are some the relevant provisions and what they entail.

3.58. Disposing of property

(1) In this section —

dispose includes to sell, **lease**, or otherwise dispose of, whether absolutely or not;

property includes the whole or any part of the interest of a local government in property, but does not include money.

(2) Except as stated in this section, a local government can only dispose of property to —

(a) the highest bidder at public auction; or

(b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.

(3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —

(a) it gives local public notice of the proposed disposition —

(i) describing the property concerned; and

(ii) giving details of the proposed disposition; and

(iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;

and

(b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.

(4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —

(a) the names of all other parties concerned; and

(b) the consideration to be received by the local government for the disposition; and

(c) the market value of the disposition —

(i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or

(ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.

(5) This section does not apply to —

(a) a disposition of an interest in land under the *Land Administration Act 1997* section 189 or 190; or

(b) a disposition of property in the course of carrying on a trading undertaking as defined in section 3.59; or

(c) anything that the local government provides to a particular person, for a fee or otherwise, in the performance of a function that it has under any written law; or

(d) any other disposition that is excluded by regulations from the application of this section.

[Section 3.58 amended by No. 49 of 2004 s. 27; No. 17 of 2009 s. 10.]

3.59. Commercial enterprises by local governments

(1) In this section —

acquire has a meaning that accords with the meaning of **dispose**;

- (a) acquire or dispose of an interest in land; or
- (b) develop land;

major land transaction means a land transaction other than an exempt land transaction if the total value of —

- (a) the consideration under the transaction; and
- (b) anything done by the local government for achieving the purpose of the transaction, is more, or is worth more, than the amount prescribed for the purposes of this definition;

major trading undertaking means a trading undertaking that —

- (a) in the last completed financial year, involved; or
- (b) in the current financial year or the financial year after the current financial year, is likely to involve,

expenditure by the local government of more than the amount prescribed for the purposes of this definition, except an exempt trading undertaking;

trading undertaking means an activity carried on by a local government with a view to producing profit to it, or any other activity carried on by it that is of a kind prescribed for the purposes of this definition, but does not include anything referred to in paragraph (a) or (b) of the definition of **land transaction**.

(2) Before it —

- (c) its expected financial effect on the local government;
- (d) its expected effect on matters referred to in the local government's current plan prepared under section 5.56;
- (e) the ability of the local government to manage the undertaking or the performance of the transaction; and

- (f) any other matter prescribed for the purposes of this subsection.

- and
- (b) make a copy of the business plan available for public inspection in accordance with the notice.
- (5) After the last day for submissions, the local government is to consider any submissions made and may decide* to proceed with the undertaking or transaction as proposed or so that it is not significantly different from what was proposed.

* Absolute majority required.

- (5a) A notice under subsection (4) is also to be published and exhibited as if it were a local public notice.
- (6) If the local government wishes to commence an undertaking or transaction that is significantly different from what was proposed it can only do so after it has complied with this section in respect of its new proposal.
- (7) The local government can only commence the undertaking or enter into the transaction with the approval of the Minister if it is of a kind for which the regulations require the Minister's approval.
- (8) A local government can only continue carrying on a trading undertaking after it has become a major trading undertaking if it has complied with the requirements of this section that apply to commencing a major trading undertaking, and for the purpose of applying this section in that case a reference in it to commencing the undertaking includes a reference to continuing the undertaking.
- (9) A local government can only enter into an agreement, or do anything else, as a result of which a land transaction would become a major land transaction if it has complied with the requirements of this section that apply to entering into a major land transaction, and for the purpose of applying this section in that case a reference in it to entering into the transaction includes a reference to doing anything that would result in the transaction becoming a major land transaction.
- (10) For the purposes of this section, regulations may —
- (a) prescribe any land transaction to be an exempt land transaction;

[Section 3.59 amended by No. 1 of 1998 s. 12; No. 64 of 1998 s. 18(1) and (2).]

[Regulation 8A inserted in Gazette 27 Sep 2011 p. 3844.]

STRATEGIC IMPLICATIONS:

This proposal sits well with the Economic Development aspirations of the Shire of Moora. The fact that RABO are looking to sustain them in Moora for the long term is of benefit to the Shire of Moora community and surrounding region. It provides a sustainable and diverse business banking sector whilst potentially giving Council the opportunity to diversify and strengthen its non-rateable income stream.

Outcome 4.1: A strong and diversified economic base.

Strategy 4.1.1: Facilitate the development and implementation of a regional economic development strategy, thus ensuring Moora is positioned strongly to service the region.

Strategy 4.1.2: Promote and support local industry development initiatives.

Strategy 4.1.3: Facilitate affordable housing and accommodation initiatives.

Strategy 4.1.4: Ensure the provision of serviced commercial, industrial and residential land.

SUSTAINABILITY IMPLICATIONS:

➤ **Environment**

Nil

➤ **Economic**

As per the proposed business model prepared by management on the basis of a number of assumptions, the financial business case stacks up well.

➤ **Social**

As part of the overall design process there will naturally be extensive consultation with the Moora Bowling Club in terms of where the building envelope for the development would be located and the actual amenity of the design and how this will flow into the existing infrastructure of the Moora Bowling Club.

FINANCIAL IMPLICATIONS:

The final fiscal outcomes will not be known until the process of design and build is completed and the actual cost of building is known after tender submissions are received. Suffice to say as per the spreadsheet circulated under separate cover, the business arrangement effectively becomes cumulatively cashflow positive after the first term of the proposed lease which is nine years. In terms of annual cashflow impact, the greatest negative annual cashflow in any one of the nine years amounts to less than 0.6% of the estimated capital build.

In signing the HOA, this will obligate Council to expenditure of \$28,000 plus GST associated with initial site meetings, concept design, schematic design, detail design development and construction documentation.

SUMMARY:

Therefore in summary, to proceed, the HOA needs to be formally endorsed by Council thus authorising the CEO to proceed with the design and costings (tenders). Subsequent to that Council will assess the tender submissions and analyse if the preferred tender (if any) is commensurate with the Heads of Agreement and draft fiscal parameters – cashflow model.

The parameters of the proposed business arrangement are financially sound and will diversify Councils cashflow, strengthen its asset base and sustain the commercial banking base in Moora as a regional centre and improve the amenity of the Gardiner Street business sector within the Moora townsite.

PURPOSE OF REPORT:

To progress planning and community consultation in relation to the future of the Watheroo Landfill Site.

BACKGROUND:

In the 17 September 2014 Council meeting held at Watheroo a proposal was raised by the Manager of Development Services to turn the Watheroo Landfill site into a transfer station.

At the time Council voted to:-

113/14 Moved Cr Hawkins, seconded Cr Holliday that Council agree in principal to the establishment of a transfer station in Watheroo and direct the Manager of Development Services to prepare a detailed costing and a public consultation paper to be made available to the local community outlining Councils plans.

CARRIED 5/0

At Councils Committee Meeting held on the 4th March 2015 Council considered a Waste review which looked at Waste in General including Watheroo:-

Watheroo Landfill

Watheroo Landfill is a Class II putrescible landfill site with an acceptance of 600 tonnes per annum it also accepts waste oil.

Watheroo landfill site is presenting an issue to neighbouring properties with fugitive windblown litter, large plastic litter has blown against road boundary fence and has caused damage to eastern roadside boundary fence. This landfill has been burnt from time to time by persons unknown, to reduce the amount of litter. Litter screens were erected but were then stolen.

It is proposed to turn Watheroo into a Transfer station by cleaning up and levelling the site. It is proposed to fence off half of the site reducing access to the site to only the transfer area and recycling area. The transfer station development projected cost is \$20,000.

Again this did not look at closing the Watheroo Landfill site but due to fugitive windblown litter causing issues to the surrounding farm land it strengthened the proposal to turn the site into a transfer station.

COMMENT:

A Transfer Station by definition is a facility with a designated receiving area where waste collection vehicles and/or small self-haul customers discharge their waste. The waste is then loaded into larger vehicles for long haul transport to a final disposal site.

Waste is contained so it reduces windblown waste litter, it still allows recycling at the site as long as it is managed properly i.e. separated so not to be contaminated with other waste.

This proposal is for an area to be set aside for metal waste which when full allows for the likes of Sims Metal to come and crush and load metal waste and pay by weight a cash value of \$60.00 per tonne to the Watheroo Development Association.
