Please respect the guidance of our Shire Ranger, whose decision will be final. If asked to vacate your site, we kindly request that you do so promptly to ensure the area remains welcoming and available for all visitors. **The Shire of Moora Caravan Park can be booked by calling the Shire 9651 0000 or Caltex 9651 1300**

PERMITTED VEHICLES

Type	Description	Permitted in RV Areas	Comments
Fifth-wheelers	 <p>Fifth-wheelers are towed by a truck or pick-up via a hitch similar to that in a semi-trailer – the “fifth wheel” – fitted to the bed of the tow vehicle. Usually large and luxurious, they normally feature a raised master suite above the hitch.</p>	Yes	<p>ALL VEHICLES are required to be fully self-sufficient</p> <ul style="list-style-type: none"> • Must be able to provide own water • Must have own toilet facilities (no composting toilets) • Must be able to capture grey water in the vehicle (no external buckets) • Must have internal kitchen facilities
<p>Campervans</p> <p>Class B Motorhomes</p> <p>ONLY IF FULLY SELF CONTAINED</p>	 <p>Typically have a compact fit-out in a high roof or pop-top van. They can be driven on a car licence and used as a passenger vehicle. Equipment usually includes kitchen, eating and sleeping, with ensuites in larger models.</p>	Yes	<p>ALL VEHICLES are required to be fully self-sufficient</p> <ul style="list-style-type: none"> • Must be able to provide own water • Must have own toilet facilities (no composting toilets) • Must be able to capture grey water in the vehicle (no external buckets) • Must have internal kitchen facilities
<p>Class A Motorhomes</p> <p>Bus/Coach</p>	 <p>Class A motorhomes are typically top-end RVs, 7-12 metres long and 7-14 tonnes, with custom bodywork on a specialised RV chassis or adapted truck chassis. Usually fitted with all luxury amenities, they can cost up to half a million dollars, even more.</p>	Yes	<p>ALL VEHICLES are required to be fully self-sufficient</p> <ul style="list-style-type: none"> • Must be able to provide own water • Must have own toilet facilities (no composting toilets) • Must be able to capture grey water in the vehicle (no external buckets) • Must have internal kitchen facilities

<p>Class C Motorhomes</p>	 <p>Class C Motorhomes range from economy to luxury models built on a cab-chassis with a caravan-style body. Weighing 4.5-7 tonnes, and measuring 6-13 metres, they retain the donor vehicle's cabin, often with an overhead bunk. Slide-outs are increasingly common.</p>	<p>Yes</p>	<p>ALL VEHICLES are required to be fully self-sufficient</p> <ul style="list-style-type: none"> • Must be able to provide own water • Must have own toilet facilities (no composting toilets) • Must be able to capture grey water in the vehicle (no external buckets) • Must have internal kitchen facilities
<p>Pop-top Caravans ONLY IF FULLY SELF CONTAINED</p>	 <p>Pop-tops are similar to fully equipped caravans, sometimes even with ensuite, but with a pop-up roof providing up to half a metre of the headroom. Their low profile reduces wind resistance when towing and facilitates storage in a garage or carport.</p>	<p>Yes</p>	<p>ALL VEHICLES are required to be fully self-sufficient</p> <ul style="list-style-type: none"> • Must be able to provide own water • Must have own toilet facilities (no composting toilets) • Must be able to capture grey water in the vehicle (no external buckets) • Must have internal kitchen facilities
<p>Caravans</p>	 <p>Caravans vary greatly in size and format, anything up to 10 metres long with up to three axles. They are often equipped with two comfortable berths, but can have up to six or more berths. Fit-out can be basic or luxurious, and some have slide-outs for extra space.</p>	<p>Yes</p>	<p>ALL VEHICLES are required to be fully self-sufficient</p> <ul style="list-style-type: none"> • Must be able to provide own water • Must have own toilet facilities (no composting toilets) • Must be able to capture grey water in the vehicle (no external buckets) • Must have internal kitchen facilities

PROHIBITED VEHICLES

Type	Description	Permitted in RV Areas	Comments
Tents		No	Tents of any type or configuration are not permitted
Tent & Camper Trailers	 <p>Tent trailers typically comprise a box trailer, used to store cooking and camping equipment, plus a lift-out tent for sleeping and living space. Often light and small enough to be towed by small vehicles, there are also off-road versions for rugged terrain.</p>	No	Tents & Camper Trailers of any type or configuration are not permitted
Slide-on Campers	 <p>Slide-on campers are designed to sit on the back of a ute, pick-up or light truck and can have features similar to a caravan or camper trailer. They allow for towing a separate trailer and can be parked on built-in jacks to enable separate use of the ute.</p>	No	Slide-on Campers of any type or configuration are not permitted

<p>Campervans / Class B Motorhomes / Vans</p>	 <p>Typically this type can be a DIY, homemade fit out of a van with really no amenities except perhaps with a bed and a few storage cupboards. Normally without any showering, toilet facilities or any capture of grey water.</p>	<p>No</p>	<p>Vans of any type or configuration are not permitted</p>
<p>Rooftop Tents</p>	 <p>Can be professional construction or DIY i.e. rooftop tent on a steel rack or canopy. Normally without any showering, toilet facilities or any capture of grey water.</p>	<p>No</p>	<p>Rooftop Tents of any type or configuration are not permitted</p>

Pop-top Caravans

Pop-tops are similar to fully equipped caravans, sometimes even with ensuite, but with a pop-up roof providing up to half a metre of the headroom. Their low profile reduces wind resistance when towing and facilitates storage in a garage or carport.

No

Pop-top that are not self sufficient
are not permitted
